

## ROYAL WELCOME GIVEN PRESIDENT WILSON BY PEOPLE OF MANCHESTER

**Tells Large Audience in Free Trade Hall Why America Entered War—Says United States Will See That World is Made Free to All Peoples.**

MANCHESTER, Dec. 30.—(By the Associated Press.)—The people of Manchester made President Wilson a freeman of their city today. They did more than that, they made him at home.

It seemed as tho all the men, women and children of the town, and many from Lancashire-at-large cheered the president at some stage of the crowded five hours in which he made a sort of democratic royal progress from one point of interest to another which was strenuous enough and vast enough to exhaust even the hardest political campaigners.

The general atmosphere of all the proceedings was intimate and friendly; often the people got near enough to shake hands. Even the ceremony of conferring the freedom of the city had a tone of homely simplicity and seemed more like a college commencement than a formal state ritual. The assembly sang "For He's a Jolly Good Fellow" which could hardly have occurred at a state banquet in the Guild Hall.

### President Made at Home

It was a happy inspiration that led the aldermen to throw open the largest hall in the city, instead of following custom by holding the ceremony in the municipal chamber.

This by no means reduced the effect of the important speech the president delivered.

His most important pronouncement perhaps to Englishmen, the most important he has made in England, that the United States would make no covenant with any powers except one with all the powers, was not lost upon his hearers. No other audience during his European appearances has absorbed the president's utterances so eagerly, so understandingly, and has so quickly responded to every important point. No other audience has resembled so noticeably the character and types of people to whom the president has been accustomed to speak at home.

Perhaps this was because Lancashire has contributed so many citizens to the United States and has such close industrial connections and follows American affairs with keener interest than most English counties.

### Visits Famous Docks

The first item in the day's program was a drive to the famous docks which have made Manchester an inland port. Here the shipping extended a belated and vociferous greeting to the president while the workmen from all the big warehouses and factories around hung from the windows and stood on the roofs. Part of the drive was thru the poorer districts where a few of the children were too poor even to have bought American flags to wave. Later the president made a brief appearance in the balcony of the Royal Exchange where he spoke. Finally he took lunch at the 200 prominent men in the Midland hotel, where he made an acknowledgment of Manchester's hospitality.

Only the weather was unfriendly today. It was gray and thick with intervals of rain. Shaking hands with the Lord Mayor and the chief constable on parting the president said:

"Gentlemen: I congratulate you both. In all my travels I have not known arrangements to go on so smoothly. You have given me a happy time. My only regret is that it was no longer."

The last Manchester saw of the president, he stood on the platform of the Royal Train, hat in hand, with his military aide holding the dark blue flag which had been presented by the people of France.

In a telegram regretting his inability to visit Southampton and receive the freedom of the city, the president expressed his cordial thanks for the honor and said:

"It would have been a great pleasure, but it is absolutely necessary for me to return to France on Tuesday."

### Not Interested in Politics

America is not interested in European politics but she is interested in a partnership of right between America and Europe, declared President Wilson in receiving the freedom of the city of Manchester at the Free Trade hall here today. America is not interested merely in the peace of Europe but in the peace of the world, he added.

"If the future had nothing for us but a new attempt to keep the world at the right peace by a balance of power," the president added, "the United States would take no interest in it because she will join no combination of power which is not a combination of us all."

### Friendships Formed

There was a feeling of cordial fraternity and friendship between America and Great Britain, declared the president which was based on the principle of friendship and patriotism that led men to give more than was demanded. The partnership of interest which had attempted the government of the world had broken down, he

said, as interest did not bind men together, but separated them. Common devotion to the right was the only thing, he insisted, that could bind men together.

In the settlement which is just ahead something more difficult than was ever attempted before had to be accomplished—a genuine concert of mind and purpose, the president said, but a keen international consciousness would make it easy. There is a great voice of humanity abroad in the world, "which he who cannot hear is deaf," he added.

"We are not obeying the mandate of parties or politics," the president continued, "we are obeying the mandate of humanity. If the world is to remain a body of friends, there must be an easy and constant method of conference so that troubles could be solved when they were little and not allowed to grow until they were big."

### Touches Peace League

"I wish we could, for the whole world, enter league and covenant and declare ourselves the friends of mankind," the president added.

The president said he was not hopeful that the individual items of the settlement which was about to be attempted would be altogether satisfactory.

"One only has to apply his mind," he continued, "to any one of the questions of boundary, of altered sovereignty of racial aspiration to do something more than conjecture that there is no man, and no body of men who knows just how they ought to be settled; and yet if we are to make satisfactory settlements we must see to it that they are rendered more satisfactory by subsequent adjustment which is made possible. We must provide the machinery to form readjustments for in order that we may have the machinery of good will and friendship."

### Lord Mayor Presents Wilson

In presenting the freedom of the city to President Wilson, the Lord Mayor said it afforded the city of Manchester supreme satisfaction to have on its roll the chief citizen of the American republic, "foremost of all Americans, who have ever visited England," and one whose clear utterances and earnest acts had been a proof of the real union of sentiment. This man, said the Lord Mayor, now stood before the audience as a living type and symbol of the friendship of the English speaking races.

The bonds between England and America, the Lord Mayor added, had been riveted with great strength and made indestructible.

When the complete history of the war is written, he declared, "the world will comprehend more fully than it can today the stupendous character of the effort which the United States made to insure a right decision. The president has come among us equally resolved that the world shall henceforth be better and happier people."

The president, the Lord Mayor went on was not a vain dreamer, as his dreams had been fulfilled. This was a fact which needed no further argument to support it, he declared, when it was remembered how President Wilson's fourteen points had become with in twelve months the basis for a peace settlement and had been the allies at the preliminary for the permanent peace.

"We welcome him," the speaker added, "as president of the United States, as a helper in the battles and as a worker in the business of peace."

### President's Address

In his address to the Free Trade Hall audience, the president said:

"Mr. Lord Mayor, Ladies and Gentlemen:

"Perhaps I may be permitted to add, fellow citizens:

"You have made me feel in a way that is deeply delightful and the generous welcome which you have accorded me, and back of it I know there lies the same sort of

## President Will Leave for Italy New Years Night

PARIS, Dec. 31.—(By the Associated Press.)—President Wilson's plans to spend New Year's day in Paris and leave for Italy New Year's night. He will return from Italy about January 10 when the inter-allied conference will assemble.

It is generally understood now that the president will remain in Europe for about a month after his return from Italy and that he will take passage for America about February 10.

This has been the most active day's discussion in peace conference circles since the American delegation arrived at the declarations of Premier Clemenceau and Foreign Minister Pichon in the chamber of deputies last night gave a rallying point in the form of the first official announcement on the plans of the French government.

The statements disclosed that France had determined upon its line of action on practically all the questions involved, including a society of nations, on which M. Pichon said the details were now being formulated.

Premier Clemenceau's statement of the freedom of the seas was the first announcement from a high and authoritative source. This was accepted as showing that the British and French view points were in accord.

M. Clemenceau's reference to his talks with President Wilson indicated that they had tended to bring out the significance of the French premier's previous conversations with the British prime minister regarding the action of the British fleet during the war as well as his favorable attitude toward the future British fleet.

The sentiment prevails in conference circles here that the American attitude will not become definite until further knowledge is obtained concerning the conversations between President Wilson, Premier Clemenceau and Premier Lloyd George.

M. Clemenceau's overwhelming majority on the vote of confidence in the chamber of deputies makes him a commanding figure in France, similar to that of Lloyd George as a result of the British elections.

## CONVERT BATTLESHIPS INTO TRANSPORTS

WASHINGTON, Dec. 30.—Two battleships, the Kansas and the Georgia, and the Armored Cruiser North Carolina are among the eleven vessels which the war department announced today had sailed from France between Dec. 25 and 27 with returning soldiers. The last of this fleet of troops ships is due either at New York or Newport News January 13. The eleven ships carry in all approximately 16,375 officers and men. The navy craft, especially fitted for this work because of the shortage of tonnage to set the army home, carries the following quotas on the Georgia, 957; Kansas, 1,428, and North Carolina, 1,238.

Other navy vessels being fitted out for transport work will give a total carrying capacity for twenty thousand men from this source. Included in the units enroute homeward as announced today are five complete field artillery regiments, the 125th, 127th, 145th, 201st and 333rd. Each has in the neighborhood of 1,500 men and more than 50 officers. There are enroute also two complete trench mortar battalions the sixth and seventh with about 30 officers and 700 men.

### CHINA WANTS BACK KIAO CHOW

New York, Dec. 30.—China will ask of the peace conference the return of Kiao Chow, the former German controlled province captured by Japan early in the war. Lu Cheng-Chiang, Chinese minister of foreign affairs, declared on his arrival here today on the way to Paris.

### NAVY ANNOUNCES SIX DEATHS

Washington, Dec. 30.—The navy department today announced the deaths of six enlisted men who were lost overboard from the vessels to which they were attached. Among them was Seaman Robert A. Miller, Brant, Mich., from U. S. S. Paulding, Dec. 13.

### NEW DES MOINES POLICE CHIEF

Des Moines, Dec. 30.—A. B. Lay, member of the Des Moines police force since 1902 was appointed chief of police today in succession to the late C. C. Jackson, who was fatally wounded in a pistol fight with an outlaw. The last few years Lay has been in charge of the prohibition enforcement squad.

### POST OFFICE REFUSES 100 PLANES

Washington, Dec. 30.—The post office department announced today that it had turned back to the war department about 100 DeHavilland airplanes, as unsuitable for cross-country flying carrying the necessary weight of mail.

## WAR DEPARTMENT IS CRITICISED BY CHAMBERLAIN

**Failure To Provide Adequate Hospital Facilities Charged**

WASHINGTON, Dec. 30.—Senator Chamberlain, of Oregon, chairman of the senate military committee spoke for more than three hours today in the senate in criticism of the war department dealing particularly with what he termed the failure to provide adequate hospital facilities for returned wounded soldiers and to formulate a definite plan for demobilization.

The senator reiterated many of the charges he made in his address in the senate and said that information that had come to light since had justified the statements he had made. Senator Chamberlain's New York address brought forth a sharp statement from President Wilson. Referring indirectly today to that criticism the Oregon senator said his purpose then and his purpose now was to bring about an improvement in conditions.

Senator Chamberlain who was heard by crowded galleries, said the war department is pursuing with regard to hospital facilities the same filly tactics it did in the prosecution of the war many months ago.

"If the war department," he declared, "paid one-half the attention to preparations for receiving these boys as they are to getting legislation thru congress in order to protect contractors who made contracts for war supplies over the telephone in violation of law, this matter would soon be settled."

The need for a definite policy of demobilization was urged by the senator who said if one were established unrest among the men in cantonments and overseas would cease. He praised the British plan for returning its soldiers to civil life, saying it was framed along economic lines. The senator was frequently interrupted by questions from other senators, but there was no general debate.

In concluding, Senator Chamberlain paid a tribute to the American army in France, saying that only once, and then by command of the French officer in charge had an American unit ever given ground before the enemy. No army in all the history of the world, he declared, had made such a brilliant record.

## BULLETINS

BUFFALO, N. Y., Dec. 30.—Jack Dempsey of Utah, knocked out Gunboat Smith of New York, in the second round of a scheduled ten round bout here tonight. Dempsey weighed 190 pounds; Smith 178.

PARIS, Dec. 30.—American delegates to the peace congress received word today that A. J. Balfour, the British foreign secretary would pass thru Paris today on his way to southern France for a short rest. Premier Lloyd George, it was added, also will go to southern France in a few days.

WASHINGTON, Dec. 30.—A bill to confer the rank of captain by brevet on all chairmen of local draft boards, government appeal boards, medical and legal advisory boards, and the rank of first lieutenant by brevet on other members of such boards serving during the war, was introduced today by Senator Henderson of Nevada.

ROCKVILLE CENTER, N. Y., Dec. 30.—Cuthbert Mills, aviator in the aerial mail service, was burned to death two miles north of this place today when, just after leaving Mincola, his airplane fell from a height of 3,000 feet and caught fire. The plane was being tested before being turned over to the postoffice department.

WASHINGTON, Dec. 30.—All diplomats have left Petrograd, the state department was advised today except those of the Swiss and Persian legations. The ministers from Sweden and Norway have departed from the Russian capital leaving clerks in charge of their legations.

LEBANON, N. J., Dec. 30.—Twelve persons were killed here tonight and twelve others injured by two gas explosions in the Lebanon postoffice. The first explosion blew the roof from the building and the second caused the walls to collapse burying all within the building in debris.

AMERICAN ARMY OF OCCUPATION, Sunday, Dec. 29.—(By The Associated Press.)—The post office censorship as imposed by the American army on the conduct of Germans within the area of occupation became effective today. The censorship does not apply to mail for circulation within the occupied area but all letters and packages for points outside the area must pass thru the censorship. All incoming mail also is censored.

## Stephon Pichon Outlines French Peace Program

PARIS, Dec. 31.—(By The Associated Press.)—Stephon Pichon, the foreign minister said to The Associated Press today:

"You asked me in what spirit the French government is preparing to participate in the peace negotiations. It is agreeable and easy for me to reply that the ideal which sustained us during the war is guiding us effectively on the eve of peace. This defines our policy."

"We have been attacked. We want security. We have been devastated. We demand restitution. We have been devastated; we want reparation."

"But that which we asked for ourselves, we demand for all and hence are closely in accord with President Wilson. We intend that peace in ensuring the effects of the German crime shall bring to all peoples the certainty that this crime will not be renewed."

M. Pichon while apparently greatly fatigued from the eighteen hour session in the chamber of deputies yesterday made these statements with great energy.

"In order to achieve this," he continued, "the world must be constituted on a new basis. The basic points you know. President Wilson has expressed them, we have adhered to them."

## ONE KILLED; SCORE INJURED IN WRECK

Lake Erie and Western Passenger Crashes Head-On Into Toledo, Peoria and Western Stock Train in East Peoria Yards.

Peoria, Ill., Dec. 30.—A head-on collision of a westbound Lake Erie and Western passenger train and a Toledo, Peoria and Western stock train resulted in the death of Engineer Patrick E. Haggerty, Tipton, Ind., and the injury of a score or more of passengers and passengers in the East Peoria yards at 8:30 o'clock tonight.

The wreck was due to a confusion in train orders. The passenger train, running behind schedule and at a high rate of speed plunged into the locomotive of the stock train with terrific impact. Engineer Haggerty saw the approaching train too late to avoid a collision. He called to his fireman to jump but he himself remained at his post. His mangled body was later removed from the mass of wreckage.

The injured include: Brakeman Fred Schafer, Tipton.

Fireman Fred Reese, Tipton. Baggage men Matthew Woodward, Sandusky, Ohio.

Fireman L. E. Willis, Peoria. They were rushed to Peoria hospitals but it is believed none was seriously hurt.

A dozen passengers were badly shaken up and sustained minor injuries.

### LOWDEN THANKS DRAFT BOARDS

SPRINGFIELD, Ill., Dec. 30.—Governor Frank O. Lowden on behalf of the State of Illinois today thanked draft boards of the state for their part in making selective service act a success.

"In my opinion," declared the governor, "the administration of the selective service act is the greatest achievement of America in the war, and that achievement has been made possible by the unselfish, patriotic effort of exemption boards."

The words of congratulation were spoken to members of Illinois draft boards who were summoned here today by Adjutant General Frank S. Dickson to receive final instructions about closing up their records. Boards of Cook county and vicinity were not represented, but the governor's speech was directed to them also. These boards were convened in Chicago recently for the same purpose as those who met here today.

Work of all boards were expected to be finished in about a month. With the complete record of every man registered on file, it was said, all delinquents will be hunted down and justice meted out.

### OFFICIALS CHASE AUTO THIEVES

SPRINGFIELD, Ill., Dec. 30.—A chase of automobile thieves in which officers of several towns between Springfield and Litchfield gave pursuit ended early today near Litchfield when the trial was lost after shots had been exchanged between police and the fleeing offenders. The men were headed toward St. Louis, the car in which they were riding was stolen at Springfield.

### PHILADELPHIA, Dec. 30.—

The homes of Justice Robert von Thomsen of the state supreme court; Judge Frank L. Gorman, of the municipal court and acting superintendent of police Mills, located in widely separated sections of the city were damaged by bombs late tonight. In each instance shrapnel bombs were used and the force of the explosions was so great that all the occupants of the houses were hurled from their beds. No one was seriously injured.

## SENATORS RENEW THEIR ATTACK ON BURLESON

**Sharply Criticised for Taking Over Marine Cables**

WASHINGTON, Dec. 31.—Criticism of Postmaster General Burleson for taking over the marine cables after the signing of the armistice was renewed today in the senate.

Senator Hitchcock of Nebraska chairman of the foreign relations committee precipitated the discussion after presenting a letter from Mr. Burleson in which the postmaster general denied that he had exceeded his authority and asserted that the order taking over the cables had been signed by the president Nov. 2.

Senator Hitchcock said the postmaster general had come very close to breaking faith with congress and that he was not justified in taking over the cables after the armistice was signed.

"Even the date when it was exhibited to one of the telegraph companies was blank and the order was never made before the signing of the armistice," Senator Kellogg declared.

In his letter to Senator Hitchcock, Mr. Burleson said:

"Of course, my dear senator, no one knows better than you that a public official is not called upon to notice the mouthings of irresponsible blatherers who may criticize or misrepresent his official actions, but when a critical statement made by a senator or of the United States it not only justifies but calls for response."

Burleson's reply is not true that I have of my own will ruthlessly seized and taken possession of the cables; of course it is not true that I have taken possession of them just to gratify my personal convictions, personal opinion and personal wishes; of course it is not true that I have reacted out to control business activities that congress did not intend to put into my hands. I feel that a reply to all such charges can be conclusively made by quotations from a motion to dismiss, filed by the representative of the law department of our government made by direction of the attorney general of the United States to a silly suit recently instituted for publicity purposes in a court known to be without jurisdiction against the postmaster general in which these unfounded charges are set forth."

Mr. Burleson in his letter also branded as utterly without foundation, charges that much of the mail addressed to soldiers overseas fails to reach its destination. "The department," he said, "has delivered to the various military units in France nearly seven million pieces of mail each month, which had been done on an average of better than 30 days time from the average date of postmarking to the delivery of mail abroad."

### FORD STILL CONTESTING

Grand Rapids, Mich., Dec. 30. A petition to restrain city clerks from destroying ballots cast in the Michigan senatorial election has been filed in federal court here in behalf of Henry Ford, who was defeated for the election by Commander Truman H. Newberry, Republican.

It was stated that Mr. Ford intends to ask the senate to order a recount of the votes.

### WANT SELF GOVERNMENT

London, Dec. 30.—It is understood that German residents of Southern Africa have sent a petition for transmission to President Wilson, asking for permission to establish a republic, according to Cape Town advices.

The Times describes the petition as a "preposterous misapprehension of the Wilsonian doctrine of self-determination."

### STEAMER IN DISTRESS

St. Johns, N. F., Dec. 30.—The Steamer Giannina, which was due to arrive here today, has gone to the assistance of the Steamer Carib, which last night was reported in distress about 800 miles off this port.

### ON WAY TO CONFERENCE

Chicago, Dec. 30.—Members of the Japanese mission to the peace conference passed thru Chicago today from San Francisco on their way to New York and Paris.

Cable, Sunday, Dec. 28.—By the A. P.—An order has been issued to the American soldiers by an officer or soldier who speaks to a German woman does so at the risk of court martial.

## Farewell Dinner Given Wilson By King and Queen

LONDON, Dec. 30.—(By The Associated Press.)—The farewell dinner given in the state dining room at Buckingham Palace tonight by King George and Queen Mary in honor of President and Mrs. Wilson was a private function. There was no procession into the dining room, which was decorated with yellow, and there were no speeches or toasts. The grenadier guards band played during the dinner but no national anthems were rendered.

Those who sat down to dinner were the King and Queen, President Wilson and Mrs. Wilson, Princess Mary, Prince Henry, Prince George, the Duke of Connaught, John W. Davis, the American ambassador, the Duke and Duchess of Amersfort, Lord and Lady Cavendish, Viscount and Viscountess Acheson, Viscount Astor, Admiral Sir Stanley Colville and Lady Colville, Sir Ronald Graham and Lady Graham, Miss Edith Benham, Mrs. Wilson's secretary, Rear-Admiral Grayson, U. S. N., Brig. William H. Harts, U. S. A., the Duchess of Sutherland, the Dowager Countess of Arlre, Viscount Farquhar, Lord Steward to the King and Lord Stamfordham, private secretary to the King.

President Wilson and Mrs. Wilson will leave Buckingham Palace Tuesday morning at nine o'clock in the first stage of their return journey to France. In the procession to the Victoria Station semi-state landsau will be used.

King George and President Wilson will occupy the first; Queen Mary, Mrs. Wilson and Princess Mary, the second, and members of the President's party and court officials, the third, fourth and fifth. No troops will be stationed along the streets but the party will have a guard of honor to the station.

Sir Charles Cust the King's equerry, will accompany President to Calais.

## Young Hun Elyer Tells of Quentin Roosevelt's Death

WITH THE AMERICAN ARMY OF OCCUPATION, Saturday, Dec. 28.—Christian Donhauser, the young German aviator who claims to have shot down Quentin Roosevelt, near Chantilly, France on July 14, told the correspondent today of the battle which ended fatally for the son of the former president of the United States. He said:

"I was one of a party of six German aviators and on July 14, sighted six American machines cast of Fere-n-Tardenois, One American, who I learned later, was Quentin Roosevelt was ahead of the rest of his squadron and off to one side. He came straight at me and I swooped down under his machine. We sea-sawed back and forth, peeping away and each trying to get in the advantage by climbing above each other."

"Roosevelt made several loops and I admired his gameness. Once I thought his machine gun was jammed, but a second later he began again to shoot and I felt the bullets striking my plane. Then I mounted above him and swooped down to within twenty meters of his, firing all the time. Then I saw my opponent collapse and his machine began to fall."

Donhauser, who is a non-commissioned officer and speaks English, has relatives living in Michigan. He was credited with thirty aerial victories in the fighting after July 1, when he entered the German air service.

### TURN OVER VAST SUPPLIES TO U. S.

COBLENZ, Saturday, Dec. 28.—By the A. P.—German war material to be formally turned over to the Americans January 1 continues to arrive here. Among the arms surrendered are 100,000 rifles, 20,000 of which were captured from the allies. The heavy artillery includes two six inch guns manufactured in 1873, but used on the front during the latter days of the war. Both guns were in first class condition.

At Mattering near Coblenz, American soldiers have taken charge of 75,000 fancy dress helmets intended for the use of officers of the eighth German army.

The United States receiving commission meets daily with a commission of five German officers to arrange the details of the transfer.

### HURLEY PLANS TO UTILIZE TONNAGE

Paris, Dec. 30.—(By The Associated Press.)—Edward N. Hurley, chairman of the American shipping board has devised an important plan for utilizing the vast amount of American tonnage now returning to the United States in ballast for supplying the United States with the huge stock of potash needed for agricultural purposes as well as large quantities of French, English, Belgian and Italian products.

## AMERICA MUST BUILD GREATEST NAVY IN WORLD

**Sec'y Daniels Tells House Naval Committee**

WASHINGTON, Dec. 31.—Unless a league of nations or other tribunal that will make certain the limitation of international armament is established the United States must build the greatest navy in the world, Secretary Daniels today told the house naval committee.

"It is my firm conviction on the question," declared the secretary, "that if the conference at Versailles does not result in a general agreement to put an end to naval building on the part of all the nations, then the United States must bend her will and bend her energies, must give her men and give her money to the task of the creation of incomparably the greatest navy in the world."

With the completion of the proposed new three year building program adding ten dreadnaughts, six battle cruisers, ten scout cruisers and 130 smaller craft to the fleet, America still will rank second in naval strength to Great Britain, said the secretary, who appeared before the committee to make his final recommendation for the 1920 naval bill which the committee is considering.

"Does the president back the policy to make us the first naval power in the world?" asked Representative Kelly of Michigan.

"Yes, if competitive building is to continue," said Mr. Daniels. "We are now easily the second naval power but this program will not make us first."

### Discusses Peace League

The naval secretary said if a league of nations is established, America must provide a large part of a world police force necessary to enforce the league's decrees. He added that with such a league formed it would not be necessary to carry out the full construction program and asked the committee to include in the bill legislation empowering the president to stop construction at his discretion if an international agreement should make limitation of armament a certainty.

"I would like to let the world know we are tremendously interested in the president's proposition for reduction of armament," declared the secretary.

In reducing from \$200,000,000 to \$55,000,000 the amount asked for work on the new building program during the year beginning next July, Secretary Daniels said that some further construction was necessary because we want some more modern ships in our police force.

Mr. Daniels gave the committee a report showing the relative strength of the navies of the world. Figures for the Japanese navy were not available, it was said.

### COMMUNITY SALES

There has been a good deal of  
development along co-operative  
lines in Jacksonville and Morgan  
county during the past year but  
we have not arrived yet at the  
community sale stage. It is a cus-  
tom of several years' standing  
in some parts of the state for  
farmers to arrange joint or com-  
munity sales in order to dispose of their  
livestock and machinery in this  
way. A farm paper which comes  
to Jacksonville this week carried  
the advertisement of such a sale,  
to be held near Roanoke, this  
state.

Seven farmers in that vicinity  
have combined for the sale. It  
frequently happens here that a  
farmer who desires to have a pub-  
lic sale does not offer property  
which will occupy more selling  
time than two or three hours. The  
result is that he doesn't have the  
crowd that would be true if there  
were a longer list of livestock and  
chattels offered. The community  
sale plan well fills a need of this  
kind.

### SEA POWER AND THE WAR.

Spare the world too much talk  
about naval achievements in the  
world war. The sensation of the  
war was the work of the German  
submarine, the assassin of the  
seas. There was no great engage-  
ment between the first and second  
navies of the world; the German  
navy would not come out and the  
English navy would not go in.  
The allied navies failed to  
force the Dardanelles; we are now  
told that when they failed to re-  
turn to the attack the land bat-  
teries had only a few shells re-  
maining and the gunners had been  
ordered to abandon the forts  
should the fight be resumed. The  
greatest achievement of the allied  
and American navies was the  
transportation of troops; here  
something resembling a miracle  
was done. The navies of the world  
did a tremendous job of guard  
duty, but from the necessities of  
the situation they were not the  
fighting arm of the service in this  
war. This does not argue against  
the necessity of a great navy. In  
the absence of general reduction  
of sea armaments, this republic,  
with a domestic coast line equal in  
length to that of Europe from  
Archangel to the Golden Horn,  
needs and should have the first  
navy in the world; with such a

navy there will be no need of a  
great army,—for who can get at  
us?—(The National Republican.)

### OF LOW ESTATE

I have my troubles, like the  
rest, and anguish sometimes  
rends my breast, and then I up  
and say, "Of all my blessings let  
me sing! I'm glad I wasn't born  
a king—Geewhillekins! Hooray!"  
I grew up in a humble shack, and  
had no ermine on my back, no  
scepter in my hand; I lived in no  
ancestral hall, and had no vassals  
at my call, and no surroundings  
grand. And there were times  
when I was prone to look with en-  
vy on the throne that Kaiser Bill  
held down; it made me sorer than  
a boil that none anointed me with  
oil, or handed me a crown. I  
said, "It is not right or fair that

while 't'other has a throne; 'tis  
wrong that one has kingly sway  
while 't'other has to work all day  
to earn a paltry bone." But now  
when life seems flat and stale,  
when I am sick or cooped in jail,  
for swiping cod fish balls, I say,  
"I'm glad I'm not a king! So let  
me smile and dance and sing,  
whatever ill befalls!" I have my  
troubles day by day, the speckled  
hen has gone astray, the muley  
cow is dry; I need an overcoat and  
shoe, my aunt is sneezing with  
the flu, some tramp has cribbed  
the pie. But when my load of  
grief and care seems greater than  
a gent should bear, I brave myself  
and say, "Let all my tinhorn woes  
take wing! I am so glad I'm not  
a king! Geewhillekins! Hooray!"

### THIS DATE IN HISTORY

December 31, 1861.—The 19th  
and 24th Illinois Regiments, 37  
Indiana and 18th Ohio were  
constituted by special orders  
the eighth Brigade. Colonel  
Turchin acting as Brigadier  
General.

### RETURNS TO CAMP TAYLOR

Frank C. Menezes, who has  
been here on a furlough the past  
week visiting his mother, Mrs.  
Vieira, 725 West Railroad street,  
and other relatives and friends  
has returned to his post of duty  
at the base hospital, Camp Tay-  
lor, Louisville, Ky. Mr. Menezes  
wears two six months stripes for  
length of service in the army.  
There are not many Morgan  
county boys at Camp Taylor.  
They are discharging a great  
many dailies, but Mr. Menezes is  
uncertain just when his dis-  
charge will come.

### DISCHARGED FROM SERVICE

Paul Donovan, who left Jack-  
sonville with the contingent in  
September, going to Camp For-  
rest, Little, Ga., has been hono-  
rably discharged from the service  
and is now at his home, 308 Anna  
street. He was sent to Camp  
Custer, Mich., for discharge.

## SCHOOLS WILL OPEN

AFTER LONG VACATION

Work to Begin Next Thursday  
Morning According to Supt.  
Perrin's Announcement—Must  
Make Up Nine Weeks Time.

After a period of nine weeks  
and one day, or forty six school  
days, the boys and girls of Jack-  
sonville will again be in school  
next Thursday, Jan. 2. This en-  
forced period of school idleness  
was occasioned by the board of  
health quarantine and began only  
a few weeks after the fall semes-  
ter of school had opened. Supt.  
H. A. Perrin of the city schools  
yesterday held a conference with  
the principals and the supervisors  
at which time plans for teaching  
work were tentatively mapped  
out. The superintendent will  
submit a complete plan to the  
board of education at the regular  
meeting next Monday, January 5.

According to the plan an-  
nounced by Mr. Perrin all the  
schools are to open next Thurs-  
day morning. The grade schools  
will begin as usual at 9 o'clock.  
At the David Prince Jr. High  
school will assemble at 8 o'clock  
instead of 7:30, the hour in  
force when the schools were  
closed. This change in schedule  
is made necessary temporarily be-  
cause of the shortness of the  
days. The high school will as-  
semble as in past weeks at 12:30  
o'clock noon. The schedule for  
this semester as announced pro-  
vides that the grade schools shall  
be in session only from 9 to 12  
o'clock while the junior and  
senior high schools will run full  
time.

As indicated above the actual  
time lost up to Jan. 2 will be nine  
weeks and one day. This is  
counted on the basis of the  
schedule adopted in September  
for the semester. It is probable  
that the time for ending the first  
semester will be pushed along so  
as to divide the school year into  
two equal parts.

The principals and teachers  
desire to impress upon all parents  
and children alike that in order  
to get the most possible good out  
of the school year that regularity  
in attendance is absolutely neces-  
sary. This will be especially im-  
portant this year because of the  
shorter period of work. It is  
acced that the problems are  
difficult not only as to the lost  
time but as to the shortness of  
the days. Still the teaching force  
will use every effort to give all  
the children the essentials of the  
year's work. Every grade of  
course is affected to some extent  
but the class for which the en-  
forced vacation has probably  
meant most is the senior class of  
the high school.

But even in this case Mr. Per-  
rin and his associates believe that  
they have formulated a plan by  
which the members of the class  
will be able to graduate without  
any serious handicap. Practically  
all of the teachers will be on  
hand to begin the school work  
next Thursday. Some of the  
teachers who have been out of  
town have already returned and  
practically all the preliminaries  
for opening the schools have  
been completed. The changes  
necessary have already been an-  
nounced. Mrs. E. H. Wilson will  
take the place of Miss Edna  
Wardough at the fourth ward  
school. Miss Anna Hopper of the  
fourth ward is ill and Miss Anna  
Bergschneider will supply for  
her, and Miss Lillian McCullough  
will take the work of Miss Ann  
Stevenson in the David Prince  
school.

### RECEIVES LETTER FROM

EUGENE DODSWORTH

R. W. Dodsworth has received  
a letter from his son Eugene who  
is with the 35th Engineer Corps  
somewhere in France or Germany  
and not far from the Rhine. It  
was sent the latter part of Novem-  
ber and the young man was well  
and seeing lots of the world. He  
didn't have any idea when he  
would be home.

### HOLIDAY AT THE POSTOFFICE

January 1st, New Year's day  
will be observed as a holiday at  
the postoffice. There will be no  
delivery of mail, either on the  
rural routes or in the city. The  
office will be closed all day. Mail  
will be dispatched as usual. There  
will be one general collection at  
2 p. m. and a collection in the  
business district at 6 p. m.

Postal supplies may be pur-  
chased at Station No. 1.

## CELEBRATED SIXTIETH

WEDDING ANNIVERSARY

Mr. and Mrs. S. H. Larimore Ob-  
serve Day at Their Home in  
East State Street—Dinner En-  
joyed by Relatives, Most of it  
Prepared by Mrs. Larimore.

Mr. and Mrs. S. H. Larimore  
entertained at dinner at their  
home 691 East State street at  
noon Monday, the occasion being  
their sixtieth wedding anniver-  
sary.

They were united in marriage  
about seven miles northeast of  
Jacksonville by the Rev. Benja-  
min Bristow. Mrs. Larimore's  
maiden name was Lucinda Stout.  
She will be 80 years of age to-  
week and Mr. Larimore will be  
85 years of age in March. Both  
are in excellent health and bin  
fair to see many more anniver-  
saries.

Yesterday Mrs. Larimore pre-  
pared the fowls for the dinner  
and baked the bride's cake and  
the pides. She received assist-  
ance from other members of the  
family in the preparation of the  
dinner but is able to get a meal  
without help and is a splendid  
cook.

All of the members of the  
family could not be present yes-  
terday. The absent ones sent  
greetings. Those present were:  
Dr. and Mrs. F. H. Metcalf of  
Franklin, Mr. and Mrs. L. W.  
Shierley of Decatur, Mrs. Austin  
King of Murraville, S. M. Met-  
calf and Mrs. C. M. Merrick and  
Miss Myrtle Larimore. The lat-  
ter resides at the family home.

Mr. and Mrs. Larimore have  
been residents of this city and  
county for many years. They  
have always been interested in  
all movements for the good of  
their home community and their  
friends will unite in wishing  
them many returns of the day.

### WINCHESTER

Winchester, Dec. 30.—Mrs.  
William Balsley is confined to her  
home with influenza.

Mrs. Leonard Violette, daugh-  
ter and son returned Monday to  
their home in Parsons, Kans., af-  
ter a visit here with relatives.

Misses Helen Miner and Mil-  
dred Funk returned Monday to  
Jacksonville to resume their  
studies at Illinois Woman's Col-  
lege.

Mrs. Francis Southwell and  
two children have returned to  
their home in North Henderson  
after spending the holidays with  
relatives here.

Mr. and Mrs. Benjamin Daw-  
son and little daughter have re-  
turned to their home in Beards-  
town after several days' visit  
here.

Miss Lucille Bishop arrived  
Sunday night from St. Louis and  
will resume her work in the high  
school.

Mr. and Mrs. Sim Smithson re-  
ceived a message telling of the  
safe arrival of their son, Chester  
Smithson, in New York. The  
young man who has been over-  
seas, expects to be able to return  
to Winchester in a few days.

Edward Watt has arrived from  
Denver, Colo., where he enjoyed  
a visit with his daughter, Mrs.  
George Rohrig and family.

Miss Katherine Hitt arrived  
Monday afternoon from Chicago  
and will at once enter upon her  
work as public librarian.

Miss Nellie Lashmet and Miss  
Katherine Lyons have returned  
from Jacksonville, where they  
accompanied Edwin Lashmet,  
who went there for medical treat-  
ment. The young man was shot  
in the arm about three weeks ago  
and the wound is healing in a  
satisfactory way.

Dr. J. M. Riggs is here from a  
Nebraska army cantonment,  
where he is in service. He will  
spend a short furlough with rela-  
tives and friends here.

William Pape of Chicago is a  
guest at the home of Dr. and  
Mrs. George Bringle.

Mrs. Henry Higgins, who has  
been quite ill for a number of  
days with influenza, is now im-  
proving in a very satisfactory  
way.

### ANNOUNCEMENT

mary election.

D. T. Summers.

I hereby announce myself Can-  
didate for County Commissioner  
of the Republican ticket subject  
to the Primary election Jan. 25.

M. CLARENCE THOMPSON.

### ANNOUNCEMENTS.

I hereby announce myself a can-  
didate for the Democratic nomina-  
tion for county commissioner,  
subject to the decision at the pri-  
mar y election.

### SUNDAY PRAYER SERVICE

A Sunday prayer service will be  
held at State Street Presbyterian  
church New Year's morning at 8  
o'clock. The service will be in  
charge of Dr. F. M. Rule and it is  
earnestly hoped there will be a  
large attendance. The state street  
church has held a similar service  
for several years and it has come  
to be regarded as one of the most  
helpful events in the church cal-  
endar.

Mr. and Mrs. Arthur Angel  
and son Francis, of Moline, are  
in the city to spend the holidays  
with relatives and friends.

## WILL BOOST GOOD

ROADS MOVEMENT

Propose to Organize Here to Help  
Push Hard Roads.

There will be a meeting at the  
court house Thursday night at  
7:30 o'clock with the end in view  
of organizing a Morgan county  
good roads club or association.  
Everyone interested in good roads  
is most cordially invited to attend  
this meeting and to become a  
member of the organization. The  
state of Illinois now has several  
million dollars available for hard  
road work and it will not be very  
long until the funds from the  
\$60,000,000 bond issue are avail-  
able. Plans are already well un-  
der way for beginning hard  
road work in various parts of the  
state and the purpose in forming  
an organization here is in order  
to make it certain that work is  
begun in this county just as  
speedily as possible. It is pro-  
posed to build a highway across  
the state from Indiana to Mis-  
souri in the early days of the road  
building and Jacksonville is on  
the logical route to be followed.

Clubs or associations have al-  
ready been organized in Danville,  
Decatur, Springfield and Quincy  
for the purpose of boosting for  
this highway and Jacksonville  
should certainly come forward  
with an organization to join in the  
good work. Everybody is invited  
to the court house meeting Thurs-  
day night. There are no fees and  
every resident of the city and  
county is ligible to membership.

### POCAHONTAS AND MRS. WILSON

Editor Journal:

Three hundred years ago, in  
that part of Virginia settled by  
the English, the various tribes  
were governed by a chief, Pow-  
hatan. His authority extended  
throughout all that region drained  
by the James and Potomac rivers  
and even over the site where the  
city of Washington stands. His  
rule was so extensive that he was  
called Emperor.

His daughter, Pocahontas, mar-  
ried Captain Thomas Rolfe, who  
was baptized in the church as  
Rebecca. From this union many  
of the F. F. V.'s have descended.

With her husband she went to  
England where she was present-  
ed at court. Captain Rolfe was  
severely reprimanded by King  
James for marrying an emperor's  
daughter without his consent.

Pocahontas was a decided fa-  
vorite at court and had many hon-  
ors bestowed upon her. She was  
given the title of "Lady Rebecca."

Nine generations from Pocah-  
ontas, her lineal descendant,  
Mrs. Edith Bolling Wilson, wife  
of our distinguished president,  
and tenth in descent from that  
powerful first American, Powhat-  
an, is received at the court of  
St. James with perhaps more hon-  
ors and marks of distinction than  
was ever accorded any American  
lady, not even excepting her dis-  
tinguished ancestor, "Lady Re-  
becca"—Pocahontas.

Is not this happy occurrence  
more than a coincidence? Cannot  
events be working out according  
to the rules of destiny?  
Geryon.

### BOY SCOUTS RETURNED

The Boy Scouts were busy yes-  
terday removing the property  
used in the open air emergency  
hospital and returning it to the  
homes of those who donated it.  
The boys were furnished with a  
truck by the Jacksonville Cream-  
ery Company and a stake wagon  
by the Jacksonville Transfer  
Company.

### Y WILL HAVE WATCH PARTY.

The boys of the Y. M. C. A. in  
the Junior and Intermediate  
Classes and the Boy Scouts will  
enjoy a watch party in the Y  
rooms this evening. A program  
has been prepared and refresh-  
ments will be served during the  
evening. The boys are looking  
forward with a great deal of  
pleasure to the occasion.

There was a large number of  
members present and following  
the work the members enjoyed  
an oyster supper. The committee  
in charge of the refreshments  
was composed of B. F. Owen,  
Charles Goodey, Joshua Vascon-  
cellos, Fred Miley, B. F. Reese  
and J. E. Johnson.

### FARM NOTES

The work of husking pop corn  
is still in progress on the George  
E. Klick farm northeast of Alex-  
ander. It will be remembered that  
Mr. Klick had something over 300  
acres planted to pop corn this  
year. Corn husking machines are  
used for gathering the corn and  
even with machinery the work is  
somewhat slow. A husker for pop  
corn looks very much like a corn  
cutting machine of the average  
type only it is smaller. The ma-  
chinery operates in such a way  
that the ears of corn are husked  
and thrown over into a wagon  
bed. The corn is turned out  
about 20 bushels to the acre.

As previously noted Mr. Klick  
is not selling his corn at present  
but will crib the corn on the Mor-  
gan county farm for market uses  
next summer. The present price  
for pop corn in quantity lots is  
about 5c a pound. The plan to be  
followed here by Mr. Klick is simi-  
lar to the one he has adopted on  
his Macon county farm near War-  
rensburg and the 300 acres of pop  
corn there will be handled in the  
same way. The acreage of the two  
farms in wheat this year is 1,000  
and the crop looks well.

That Mr. Klick is a believer in  
land in central Illinois is indicated  
by his bid of \$350 an acre on an  
80 acre tract which sold in Macon  
county recently. It was located  
a few miles from the large farm  
he owns there. As he is accus-  
tomed to Macon county values he  
naturally looks upon land in Mor-  
gan county as selling at low  
prices.

### IS MARRIED IN NEWTON, IOWA

Dr. Elizabeth Wagoner Becomes  
Wife of Edward A. Eustice—  
Will Live in This City.

Word has been received of the  
marriage of Dr. Elizabeth A.  
Wagoner of the Cherry apart-  
ments of this city, to Edward A.  
Eustice of Newton, Iowa. The  
ceremony was performed in Des  
Moines, Iowa, on the evening of  
December 24th.

Mrs. Eustice is well known in  
this community, having practiced  
her profession for ten years in  
her present location.

Mr. Eustice was for a number  
of years a resident of Newton,  
Iowa, where he was secretary and  
treasurer of the Newton Electric  
Washing Machine Co. For the  
past three years he has been con-  
nected with the Automatic Electric  
Washer Co., as general salesman  
for Illinois.

The couple will reside in the  
Cherry apartments where Dr.  
Eustice will continue to prac-  
tice osteopathy. She expects to re-  
turn here about January 3rd.

### LIUT. MARBACH HEARD AT STATE STREET CHURCH.

At State Street church Sunday  
Rev. Mr. Marbach was heard both  
morning and evening with great  
pleasure. The minister, who has  
been in the army service, took  
"Life as a Symphony" as his  
morning theme and "Courage"  
for the evening service. Lieut.  
Marbach speaks easily and im-  
pressed his hearers Sunday as a  
man with a message. One sin-  
cerely interested in spreading  
about the strength and comfort  
of gospel truth. He is to come  
from Chicago again next Satur-  
day and will occupy the pulpit  
Sunday, both morning and even-  
ing.

### PISGAH CHURCH SERVICE.

Dr. E. B. Landis addressed a  
gathering at Pisgah Presbyterian  
church Sunday afternoon. The  
meeting was one of a series be-  
ing held thruout the Springfield  
Presbytery for the purpose of  
creating new interest in home  
mission projects. A survey made  
has emphasized the need for lar-  
ger funds and greater interest in  
this work and the present move-  
ment purposes to accomplish  
both.

# Gift Money

Many persons received gifts  
of money this year, and usu-  
ally such presents are made  
because the giver is at a loss  
what to decide upon as appro-  
priate. Sometimes, too, it is  
the intention that the recipient  
shall use the money to purchase  
a suitable article, by which  
the giver may be long remembered.  
If this happens to be your  
position, why not drop in and  
see if something in our  
exceptionally fine stock will  
be suitable to the occasion.

## A Musical Education

Is something that should be given to every child. It develops and broadens their individual lives. It affords many hours of the most delightful pastime. It brings them into contact with persons it is pleasant to know—it sometimes becomes their only means of livelihood.

If there is a child in your home that has reached the age when music should be taken up, you should give this matter serious consideration. It is given to few to become 'Maestros,' but that is no excuse for neglecting this so important a part of every child's education.

We shall be glad to talk with you about 'what instrument' your child seems best fitted to study.

## DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

HOUSE FOR  
SOLDIERS WEDNESDAY

of Churches to Receive  
Discharged Men at Y. M. C. A.  
Lounge Room is Planned.

At a conference held at the Y. M. C. A. last night it was decided that women of the churches of Jacksonville will keep open house at the Y. M. C. A. Wednesday evening in honor of returning soldiers and their friends. It is expected that all men who have been discharged from army service, including men of the S. A. T. C. and those home on furlough, will attend this social event. The dinner given under the auspices of the Y. M. C. A. auxiliary more than a year ago for departing soldiers is remembered as a very pleasant event, and there is promise that the informal reception tomorrow night will also be very enjoyable.

At the conference last night among those present were Miller Weir, Mayor H. J. Rodgers, Mrs. William Floreth, Mrs. A. B. Williamson, Miss Fairbank and Secy J. S. Findley. The question of providing headquarters for returned soldiers was also discussed. The suggestion was made that the large west room on the first floor of the Y. M. C. A. building might be especially fitted up for this purpose and the fact made known to soldiers that they would always be welcome there and find conveniences at their disposal.

This matter was referred to a committee including Mayor Rodgers, Joshua Vasconcellos and J. S. Findley, to make investigation and report. If this room is so equipped, one or more of the pool tables will be moved out and writing tables and lounge chairs installed. While all the plans have not yet been worked

out, it is quite certain that something will be done for the pleasure and comfort of returning soldiers.

## FUNERALS

**Hickman.**  
Funeral services for John Hickman were held Sunday morning. Brief services were first held at the residence of his sister, Mrs. John Lambert, 1329 West College avenue at 10 o'clock in charge of the Rev. J. O. Kirkpatrick. The funeral cortege then moved to Ebenezer church where at 11 o'clock Rev. Mr. Kirkpatrick conducted more extended services. At the church Charles Rowe sang a solo.

The flowers were cared for by Resie Henderson, Benjamin Culley and Mary Reid. The bearers at the residence were Edward Williamson, Logan Black, Oliver Shuff, F. J. Blackburn, George Dorwart and John G. Reynolds. The bearers at the church were: Walker Henderson, Zed Bell, Henry Ferreira, Austin Patterson, Charles Reid and Edward Houston.

**Tivnen.**  
Funeral services for Thomas Tivnen were held from the Church of Our Savior at 9 o'clock Monday morning in charge of the Rev. Father Formaz. Burial was in Calvary cemetery, the bearers being Daniel Mack, Thomas Dyer, Edward Casey, George Lamb, Edward Konrad and S. Holden.

**AT WESTMINSTER.**  
At Westminster church Sunday morning Dr. E. B. Landis preached an appealing sermon on "The Church in Relation to National Life." It was in fact a home missionary sermon and an excellent response was made to the appeal. Dr. Alexander Cunningham occupied the pulpit in the evening. His theme was "The Open Door in China" and he made a very informing address. Dr. Cunningham has been in the mission work in China for 28 years, so he speaks from an abundant experience.

## MATRIMONIAL

**Marks-Moore.**  
Sunday evening at the home of Mrs. Elizabeth Marks on East Lafayette avenue, Miss Carrie Marks and Mr. A. H. Moore were united in marriage. The ceremony was said by Rev. J. H. Morris in the presence of a few relatives. At 6 o'clock, Miss Helen Marks at the piano played the wedding march from Lohengrin. They were attended by Mr. and Mrs. Travis Stephens. The vows of the impressive ring ceremony were administered by Rev. Mr. Morris.

Congratulations hearty and sincere were extended them and then all repaired to the dining room where a wedding dinner was served.

The bride is the daughter of Mr. Henry Marks and has a wide circle of friends and admirers. The groom is one who is very highly thought of in his profession and by all who know him. He was formerly of Jacksonville, but now of East Moline, employed in the R. and V. Ordnance Co. They expect to make their home in that city.

## DEATHS

**Wyatt.**  
Mrs. James Wyatt received news Monday of the death of their son William of Los Angeles, Cal. The sad end came December 14, at his home there. His wife and two children were ill at the same time and unable to attend the funeral. He was born here and when only a boy went to Peoria and from there to Los Angeles. He leaves one brother, Oscar Wyatt, of Jacksonville, besides his widow and children of Los Angeles.

Grant Graff, county treasurer, and Mrs. Graff, have returned from a brief visit with Z. W. Graff and family at McLeansboro.

LOCAL BOARD MEMBERS  
HELD CONFERENCE

Work of Completing Records  
Will Require Several Weeks'  
Time.

A conference of local boards was held in Springfield Monday at the call of Adjutant General Jackson. This conference was held in representatives hall at the state house, with the adjutant general presiding. A brief address was made by Gov. Lowden and then Major Palmer talked at some length. Remarks were also made by Major Dodson. The purpose of the gathering, which was attended by about 150 persons, was to come to a clearer understanding for perfecting the record work of local boards. The details as announced make it clear that a number of weeks work will still be required in order to put the records into the exact condition that the provost marshal general and the war department desire.

Most of the instructions pertained to Class 1 men and a most complete data is to be compiled with reference to these men and there is to be an absolute uniformity of records. The facts about Class 1 men will be placed on file in Washington and the remaining records in the adjutant general's office in Springfield. Some instructions were also given with reference to the records for delinquents and deserters, and local boards are to co-operate with the authorities in getting all the necessary facts about these men.

W. D. Doying, secretary of the local board, was in attendance at the conference and was accompanied by Miss Genevieve Mount, chief clerk, and Miss Helen Wyle, clerk.

## Social Events

Will Celebrate Golden  
Wedding Anniversary Today.

Mr. and Mrs. Robert Wakely of 255 Caldwell street will observe their fiftieth wedding anniversary today. They will spend the day quietly at their home with a few relatives and invited guests. Mr. and Mrs. Wakely have spent their entire married life in this city. Thru the years they have won the esteem of a large number of friends and their married life has been a most happy one. They were the parents of four children: Thomas F. Olive and Frances Wakely who reside at home. One daughter, Mrs. Agnes Myers passed away four years ago in March. A few relatives and friends will gather at the Wakely home this evening, among them being Dr. T. A. Wakely, a brother of Mr. Wakely and Miss Annie Boyce of East State street, both of whom were present at the marriage ceremony fifty years ago. The friends of Mr. and Mrs. Wakely will unite in wishing them more years of wedded happiness.

## Gave Dancing Party.

A very pretty dancing party was that given Monday night by Miss Lynette Mae Brown at the Alexander apartments. Miss Francis Waddell who is soon to return to Perry Hall, Lake Forest, after the holiday vacation, was the guest of honor. Randall's orchestra furnished the music and the appointments were all such as to make the occasion a very happy one for the young people. The company included: Misses Dorothy Farrell, Marjorie McMurphy, Betty Palmer, Ruth Reynolds, Florence Leonard Masters, Ella Eugenia Woodman, Annie Dewey Doan, Katherine Alexander, Isabel Oatman, Mary Strawn, Lynette Mae Brown; Messrs. John Robert Robertson, John Hackett, Robert Lenington, Francis Doan, Aurelius Vosseler, Lee Henry Goebel, Ollie Parker, Lester Cornick, Wilbur Madden, Edward Alexander, Mark Hunt, Hugh Wilson and John Badger.

## WITH THE COLORS

this letter, and about 22 miles from "Tours", which you will find on the map.

I will tell you also about my trip, starting at New York. I left there Sept. 9th, at 9 a. m., on a Canadian Pacific Liner, the Metila a British transport.

We were twelve and a half days at sea, and landed in Liverpool. We took a very "zig-zag" course and at one time were only about 300 miles off the coast of Iceland. Some cool out on that old deck for boat drill (too much water to take any chance, tho, of not knowing what to do in case we got hit).

From Liverpool we went to Camp Woodley, near Ramsey and Winchester, England. Rested a few days and marched to Southampton where we again got on a boat about 4 o'clock in the evening and started across the channel. About 6 o'clock that evening, we landed at Le Harve, France. About day light, we got off the boat about noon and walked to another rest camp there. We stayed only a few days until we got in some French box cars and started across France.

We rode for two days and three nights and they unloaded us at Meunet, which is about 40 miles from Bordeaux. That was a very nice warm country. But after we got off the train we walked about 3 miles with the heaviest pack I ever carried. Went to a farm house to be billeted up in an attic and barn. We were only about three-quarters of a mile from a little town called Menesplet (Men-es-Pla). We stayed at that place until two weeks ago, tomorrow when we moved to a casual camp and it is only up on the hill about two miles from here.

We stayed there a few days wondering each day if our companies were broken up or not. They classified us and sent us over to this town.

We are now waiting for orders and transportation but do not know where we will go. We hear that chances are good for us to be returned to the States, but do not know if that is true or not. I hope so, as I am ready to come back any time they will start me out. We are up at a home just above us on the hill, writing this afternoon. The people said anytime we cared to write, to come up, so we are taking advantage of the chance.

You see by what I have told you in this letter the "Front" was always a long ways from me. I am not sore about that either, as I was not anxious to go up there, but had the war continued I would have been there by now or else soon, I guess.

Will close. Wishing you all a Merry Christmas and a Happy New Year.

Your son,  
Sergt. Walter C. Nortrup,  
Amb. Co. 334, San. Tr. 309,  
84th Division, A. P. O. 905,  
American E. Forces.

Try Loganberry  
Jiffy-Jell

The flavor is made from fresh Loganberries. We use many berries to make the flavor for a single Jiffy-Jell dessert.

The flavor comes in liquid form—in a vial. So it gives to Jiffy-Jell a wealth of fresh-fruit taste. It comes ready-sweetened, and the zest is slight. A single package serves six people.

There are ten flavors, but try Loganberry. Ask your grocer for it now.

### EASY TO MAKE THIS PINE COUGH REMEDY

Thousands of Families Swear By Its Prompt Results—Inexpensive and Saves About \$2

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrups. The "syrup" part is usually plain granulated sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made syrup. Or you can use clarified molasses, honey, or corn syrup. Instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## Acid-Stomach Makes Millions Old Before Their Time

What is it that robs so many people of their vitality, youth and good looks—makes them all in and dejected, years before their time? Some say it's rheumatism that is ailing them. Others complain of chronic stomach or liver troubles. Others are bilious. Life is a burden to millions of dyspeptics. Severe headaches, extreme nervousness, insomnia, mental depression, melancholia, anemia, dizziness, vertigo, heart and chest pains, constipation, etc., claim other multitudes. Sometimes these people are downright sick. Mrs. frequently they are just weak, sickly and unattractive. They don't know exactly what is the matter with them. Nearly always they resort to medicine of one kind or another in the hope of getting back their health and strength. And nearly always they are disappointed, because medicines don't build strength unless they set the stomach free from acidity, allowing it to take full strength out of the food eaten.

What is it that causes teeth to decay? Doubtless—acid mounds—that the acid formed by the fermentation of small particles of food lodged in the teeth is powerful enough to eat right through the hard enamel. An acid stomach presents a similar condition. Excess acid retards digestion. Food in the stomach sours and ferments, causing pain. Gases affect the heart action. The intestines become the breeding place for countless

## Revised Prices

The assurance of material for quantity production of Buick cars enables the Buick Motor Company to establish the following prices on the various Buick models, effective January first, 1919.

These prices will not be changed during our present dealers' selling agreements.

Three Passenger Open Model H-Six-44	-	\$1495
Five Passenger Open Model H-Six-45	-	1495
Four Passenger Closed Model H-Six-46	-	1985
Five Passenger Closed Model H-Six-47	-	2195
Seven Passenger Open Model H-Six-49	-	1785
Seven Passenger Closed Model H-Six-50	-	2585

Buick Motor Company, Flint, Michigan  
Pioneer Builders of Valve-in-Head Motor Cars

Howard Zahn

East Morgan St., Jacksonville, Illinois, All prices are

F. O. B. Factory

Let me begin these remarks with the statement that the purchaser of a Buick car between now and the end of the 1919 season is not running any chance that the price will be subject to further change during that period.

I have just received a letter from the Home Office, containing the revised price schedule effective January first, 1919, covering the various Buick models during the remainder of the season. Four models have been reduced in price and the other two remain untouched.

There has been considerable speculation as to what the Buick Motor Company was going to do about the prices of their cars, as the close of the war left things in such an uncertain condition regarding the price and quantities of raw material available that a good many people felt it would be impossible for the really big manufacturers to find their bearings for some time to come.

This prompt action on the part of the Company shows that they have been able to clear the situation up sooner than anybody expected, and I for one am delighted with the announcement so early in the season.

Their war orders which have been demanding the major part of their energies have been completed and the announcement of the present prices is evidence that the Buick Company now has a measure of the situation and sufficient material is in sight that will permit laying out a definite building schedule which again proves the buyer of a Buick automobile is at all times protected against unwarranted price changes.

Orders for Buick cars are piling up on us fast and I feel reasonably sure that we shall be able to take care of the greater part of them within a reasonable time. We shall continue to follow our old policy of filling orders, and will make every effort to see that no favoritism is shown our waiting list which plan has worked out so admirably in the past.

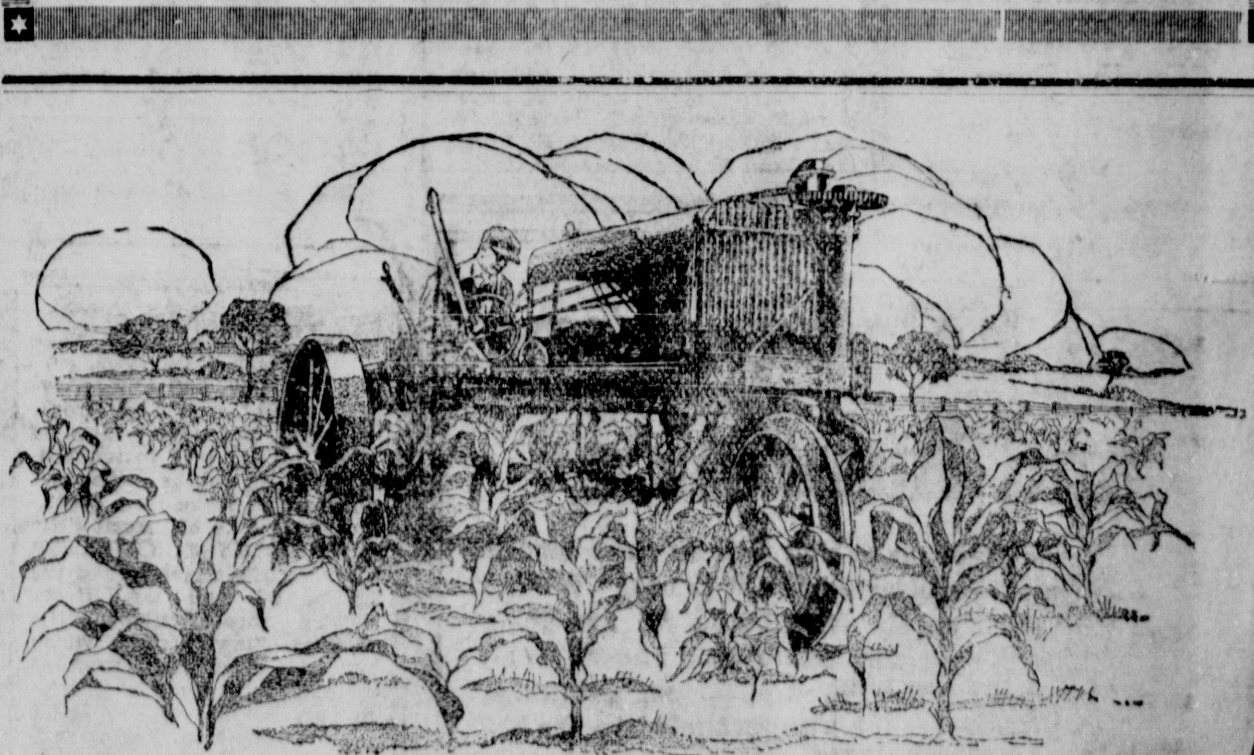

Buick enthusiasts appreciate the importance of this announcement, because all uncertainty has now been removed, both as to the possibility of getting Buick cars this year and the possibility of the prices being raised or lowered.

## Some Candy Left

This has been an ideal Holiday Season—the terrible war is over, the ban on "Sweets" was lifted and the youngsters had their candy. (We judge that some of the old folks had theirs, too.) But, if there is a person who didn't we want to remind them that we have in another supply of the famous "Johnston", and a fresh lot of our fine homemade candies—just what you want.

## CROP REVIEW FOR LAST YEAR BY MR. SNOW

Well Known Grain Expert Gives Interesting Views on Situation—takes Look into Future.

E. W. Snow, crop expert for Bartlett, Frazier and Co., is accounted one of the best posted grain men in this part of the U. S. His review for 1918 given below is therefore of more than usual interest. It was sent to Henry Goebel here. Mr. Snow says:

"The grain crops of 1918 were a striking tribute to the ability, energy and patriotic devotion of the American farmer. He realized that in the last analysis the winning of the War for World Democracy rested upon his ability to feed the fighting men and civilian population of our Allies. In spite of a season that in weather conditions was not wholly favorable, and despite a shortage of labor sufficient to discourage effort, he worked early and late and by co-ordination of muscle and brain he met all that was required of him."

"The wheat crop of 917,000,000 bushels was a trifle under the best record ever known; the oats crop at 1,538,000,000 bushels was only a shade under the record, while barley, rye and the minor food stuffs set a new record of production. In corn alone we saw any failure to reach full success. A long period of high temperatures, with the sky as brass and the earth as ashes over a large part of the corn belt, reduced the crop to one of barely sufficient proportions to take care of domestic requirements."

"Price Stabilized. The effort of the government to handle the distribution of the grain crops to the hungry peoples of the world resulted in a stabilizing of prices at a high figure, so that the American farmer has been well remunerated for the patriotic effort he made. He has not, however, been a profiteer and the prices which he has received and is receiving, when measured by the general advance in all commodity prices, left him only a normal profit for his season's work."

Now that the war is over, the farmer, like other members of society, faces new conditions. He has planted something like 49,300,000 acres of winter wheat, a new record, and he proposes to plant a record-breaking acreage of spring wheat. The government has guaranteed him a price for all the wheat raised in 1919 based upon \$2.25 for No. 1 hard wheat in Chicago. The winter wheat acreage was seeded when there was every reason to suppose that the world would need every bushel which could be produced in this country, so that the farmer's patriotism as well as his thrift, has led to this increase in acreage. The ending of the war furnishes a big problem to the wheat trade."

"The contract with the farmer must be lived up to, but the other elements of our population will not quietly permit the government to maintain the price of wheat to the consumer upon a war basis merely to make good upon the guarantee to the farmer. There are two courses open. Either the government may purchase all of the 1919 wheat and retail it at the commercial price of wheat to the world over, pocketing the loss as a part of the war expense, or it may arrange to have the farmer market his crop in the regular way and pay him out of the national treasury a bonus equal to the difference between the price at which he sells and the price which is guaranteed him. There is a surplus of wheat in the world more than sufficient to take care of all the requirements of consumption for the next twelve months, and it is not to be expected that our government will undertake, or that other governments will permit the maintenance of a world price of wheat and of bread upon a war basis."

"A problem in the agricultural situation which must be solved. The heavy increase in the acreage of winter wheat means a decrease in the acreage to be devoted to other grain crops upon which there is

no fixed price. As a result there is danger of a plethora of wheat and a shortage of other grains sufficient to violently disarrange the ordinary relation between the different forms of production. The present prospect for wheat is of the very best, and if the winter shall prove at all favorable we may easily produce another billion bushel crop next year."

### TWO WILLS FILED

The will of Mrs. Lucinda Winterbottom has been filed for probate. It was drawn Nov. 13, 1915, with Charles Hopper and M. T. Layman as witnesses to the signature. The testatrix provided for division of her property in equal parts between her son, Jesse Charles Winterbottom, and her daughter, Mrs. Nellie H. Doying. It was provided that the two beneficiaries shall always see that the granddaughter, Eugenia Alice Dupree, is always properly cared for. The will of Mrs. A. Skinner of Mercedosa has also been filed for probate. This was drawn Dec. 12, 1918, with W. J. Hale, H. H. Orr and Lena Orr as the witnesses to the signature. Mrs. Skinner directed that \$500 each should be paid to her son, J. W. Skinner of this city, and her daughter, Mrs. Isabel Carter of Muskogee, Okla. The rest of the estate is bequeathed to her son, Chester Skinner of Mercedosa, who was named as executor and to serve without bond.

## TAX COLLECTION TO BE LATE THIS YEAR

Board of Equalization Report on Stock of Corporations Not Received Until Yesterday.

The tax books this year will necessarily be returned to the sheriff and collector later than customary, according to a statement made yesterday by County Clerk G. L. Riggs, this delay being occasioned by the fact that the report by the state board of equalization has just reached the office, whereas last year it was received Dec. 3. Last year the books were turned over to sheriff Jan. 22 and the work was pushed as rapidly as possible at that time. It is therefore, very certain that the books will not be in readiness for the collector until sometime in February.

Notice was sent to the county clerk yesterday from the auditor's office showing the taxes assessed by the Board of Equalization against capital stock of the corporations in Morgan county other than railroads.

The list is considerably extended this year and includes a number of elevators not previously taxed on capital stock. The total of capital stock to be taxed runs to \$80,270, the amount given being one-third of the assessed valuation. The list follows:

Clements Elevator Co.,	\$1,000.
Farmers Elevator Co.,	Literberry, \$1,000.
Joy Prairie Elevator Co.,	\$1,000.
Literberry Farmers Elevator Co.,	\$1,000.

**BIRTHDAY CELEBRATION.**

The venerable Mrs. Jane Hunter quietly and most happily celebrated her 80th birthday anniversary last Sunday at her home, 803 South East street. Rev. and Mrs. E. L. Fletcher were her guests at a 6 o'clock dinner and the day passed most pleasantly.

Last evening she had at dinner her four resident brothers, Charles, Richard, James and Philip Hopper, Miss Nellie Hopper, daughter of James and Miss Bessie Hopper, daughter of Philip. Mrs. Hunter endeavors to have her brothers with her on this occasion and it is ever most pleasant. Her health is poor but she is still enjoying the evening of her days very well and she has the faithful attention of her devoted daughter, Miss Emma and all are glad to help make her happy.

## CHARGES VIOLATION OF MEDICAL PRACTICE ACT

Dr. Phillip H. Griggs, Arrested Yesterday on This Charge—Information Filed by State's Attorney Robinson—Gave Bond for Appearance.

Dr. Phillip H. Griggs was arrested yesterday by Sheriff Weatherford on information filed by State's Attorney Robinson, charging him with violating the medical practice act. Dr. Griggs gave bond in the sum of \$100 which was the amount fixed by Judge Samuel for his appearance.

Speaking of the matter yesterday Dr. Griggs, who is a chiropractic practitioner, said that the information so far as he could learn was furnished by a state inspector who had been in the city for several days interviewing his patients.

Dr. Griggs says that he does not treat diseases and gives no medicine and that his profession is entirely one of spine adjustments. He is a member of the Universal Chiropractor's association. This association employs attorneys who go to any city where a member has a law suit and defend the case. Dr. Griggs also has retained Worthington, Reeve and Green of this city to represent his interests in the present case.

### FIRST NATIONAL CONVENTION OF RED MOGON DAVID

Delegates representing the nine-five chapters of the Red Mogen David, of which there is one in this city, will meet in Pittsburgh from January 1 to 5, 1919, to plan the future work of this organization.

The Red Mogen David, or to give it its English name, Red Shield of David, was organized for the purpose of doing welfare work among the Jewish Legionnaires who volunteered to fight under General Allenby, commander of the British forces in Palestine, and at the same time assist the families who have remained at home.

The Red Mogen David has a membership of twenty-five thousand men and women divided into ninety-five chapters in as many chapters. The organization is spending thousands of dollars monthly in providing comforts for the Jewish Legionnaires and in caring for their families.

Now that the war is over, the activities of the Red Mogen David have to be directed into wider channels. Thus the convention will be called upon to devise ways and means of helping the soldiers who return to readjust themselves to peace conditions, finding employment for them and assisting them in other ways to fit themselves again for civil life.

The question of work in Palestine and other countries where Jews may stand in need of the services of the Red Mogen David will too come before the delegates.

### NEW BUSINESS IS LAUNCHED

The Jacksonville Automobile Exchange Company opened Monday for business at 213 South Broadway street. The members of the company are Gay H. Hutson, recently discharged from the aviation service, and a brother, Earl S. Hutson, at present a motor tester in the U. S. aviation service in France, but who is expected to return soon.

Gay Hutson is not long out of a hospital having received a nasty 500 foot spill while flying above the Minneola Aviation field, in New York, during the early part of November. Mr. Hutson is an expert mechanic and has been interested in aviation for a number of years and had flown considerable distances several years before war was declared. Hutson Bros. will appear regularly in the Journal, beginning with this issue.

### WESTMINSTER MISSIONARY SOCIETY MEET

Members of the Woman's Missionary society of Westminster church met Monday afternoon at the home of Mrs. Ensley Moore on West State street. The time of meeting was changed in order to make it possible for the company to hear an address by Mrs. Alexander Cunningham, who has for many years been in the missionary service in China. Mrs. Cunningham took "Women in China," as her theme and gave to the company a very appealing and instructive word picture of Chinese life. Mrs. Cunningham gave some facts about what has been accomplished by the church in past years but her purpose mainly was to point out something about the needs of the future.

### HAS RETURNED FROM WASHINGTON

Mrs. Samuel Ornellas of 147 West Chambers Street returned yesterday from Washington where she has been visiting her daughters, Misses Lola and Marie Ornellas for several weeks. She was accompanied by Miss Marie Ornellas who has resigned her position in Washington and will remain at home for a time. Miss Lola Ornellas will remain in Washington until spring.

Miss Adelaide McCarty has ended a visit with her parents, Mr. and Mrs. A. J. McCarty, and returned to Champaign, where she has a position in an abstract office.

## WATER RATES MAY BE INCREASED SOON

Council Talks of Ordinance Since Department Costs Are So Much Increased—South Diamond Street Sewer Still Gives Trouble.

The city has the largest supply of water it has known at this season of the year for a long time, according to a report made at the city council session yesterday by Commissioner Vasconcellos. In fact, water is running over the spillway at the lake. This is a glad contrast to conditions here a year ago, for the water in the lake at that time was frozen.

The commissioner when asked a question went on to explain that it was not possible to shut down the north plant and use wholly from the south plant because one of the pumps at the latter plant is out of commission, and furthermore, to shut down for any length of time at the north plant would mean a great deterioration of the expensive machinery. From this statement the discussion drifted to water rates and Mayor Rodgers insisted that the only salvation for the water department is to increase the rates 50 per cent since the costs for labor and coal are so much larger now than when the rates were put into effect. He said this could have been done months ago in order to maintain the department.

**May Present Ordinance Soon.** Mr. Vasconcellos agrees with the view that rates should be somewhat higher because of increased cost of operation but does not feel that water consumers should be made to pay the whole cost of maintaining the water department, since large quantities of water are for public use and fire protection. It is quite probable that the ordinance will be presented at an early meeting of the council providing for some increase in rates, as the department is not now bringing in enough money to anywhere near meet the coal and labor bills.

Mr. White mentioned that when the fire alarm system was removed that some wires were left on the poles and he thought if this wire was "junked" that it would bring in a considerable amount of money as the price of copper wire is high. Mr. Vasconcellos stated that the greater part of the wire had been taken down months ago when the police department dismantled the system, and said he would look into the possibility of securing additional wire from the poles and cross bars. The commissioner explained that for a number of weeks past no line-men had been employed, that he had assisted the superintendent of the light plant in putting in bulbs and attending to other outside work of the lighting system.

### Tree Roots Clog Sewer.

Mr. Widmayer had nothing to report from the department of finance and Mr. White only brought to attention the repeated trouble with the South Diamond street sewer. There the sewer between Morton avenue and Superior is again clogged with the roots of trees and as a result there is now water running to the depth of a foot or more in the cellar at the residence at the corner of Superior avenue and Diamond street and still further troubles are to be expected when the spring rains come. As before reported, the row of trees on the block mentioned was planted directly above the sewer and the spreading roots are continually growing into the sewer and clogging it. It was the sense of the council that the trees which are of the box elder variety should be cut down before any work of relaying the sewer is undertaken. This should be done eventually, since the property owners paid for the sewer and are entitled to the protection it gives.

A report made on boilers showed the ones at the light plant are in good condition and indicated that the two at the south side water plant are at present safe, but are getting so old that new ones will be needed at no distant day. The council then adjourned.
